Feedback Analysis Report

Report of Analysis of Feedback on Curriculum Collected from Different Stakeholders

Academic Year: 2022-2023

Students Feedback:

The students are the most important stakeholders of Higher Education Systems. The interest and participation of students at all levels in both internal quality assurance and external quality assurance have to play a central role. From the current academic year the college has started online feedback system. We have collected online feedback from our under graduate students and post graduate students. A special five point scale feedback form on the curriculum is developed. We have received total1252 (Twelve hundred Twenty two) students feedback on the syllabus of the various programmes designed by the Biju Patnaik University of Technology, (BPUT) Odisha.

Question No	Evaluation Parameter	Response in %				
		Strongly Agree	Agree	Moderately agree	Disagree	Strongly Disagree
1.	Professional Enhancement courses upgrade my analytical and soft skills	46.33	31.23	5.51	8.71	8.23
2.	Communication skill courses upgrade my verbal and nonverbal communication skills	54.95	28.43	7.19	5.83	3.59
3.	Specialisation/Departmental elective courses offered are appropriate.	45.93	31.23	5.91	8.71	8.23
4.	Equipment / instrument / apparatus / hardware / software / chemicals / any other resources are available as per the requirement	54.87	30.99	7.03	5.19	1.92
5.	Textbook/References books are helpful for this course	44.81	31.55	5.91	8.71	9.03

Report of Analysis of Feedback on Curriculum Collected from Different Stakeholders

Academic Year: 2021-2022

Students Feedback:

The students are the most important stakeholders of Higher Education Systems. The interest and participation of students at all levels in both internal quality assurance and external quality assurance have to play a central role. From the current academic year the college has started online feedback system. We have collected online feedback from our under graduate students and post graduate students. A special five point scale feedback form on the curriculum is developed. We have received total 1120(Eleven hundred Twenty) students feedback on the syllabus of the various programmes designed by the Biju Patnaik University of Technology, (BPUT) Odisha.

Question No	Evaluation parameter	Response in %				
		Strongly Agree	Agree	Moderately Agree	Disagree	Strongly Disagree
1	Professional Enhancement courses upgrade my analytical and soft skills	52.32	26.88	8.04	6.88	5.89
2	Communication skill courses upgrade my verbal and nonverbal communication skills	49.64	25.71	7.32	8.48	8.84
3	Specialisation/Departmental elective courses offered are appropriate.	50.80	32.59	6.70	7.86	2.05
4	Equipment / instrument / apparatus / hardware / software / chemicals / any other resources are available as per the requirement	49.02	25.09	8.57	8.48	8.84
5	Textbook/References books are helpful for this course	53.21	27.23	7.05	6.70	5.80

Report of Analysis of Feedback on Curriculum Collected from Different Stakeholders

Academic Year: 2019-2020

Students Feedback:

The students are the most important stakeholders of Higher Education Systems. The interest and participation of students at all levels in both internal quality assurance and external quality assurance have to play a central role. From the current academic year the college has started online feedback system. We have collected online feedback from our under graduate students and post graduate students. A special five-point scale feedback form on the curriculum is developed. We have received total **1133 (Eleven Hundred Thirty-three)** students feedback on the syllabus of the various programmes designed by the BijuPatnaik University of Technology, (BPUT) Odisha.

Question No	Evaluation parameter	Response in %				
		Strongly agree	Agree	Moderately agree	Strongly Disagree	Disagree
1	Professional Enhancement courses upgrade my analytical and soft skills	42.01	20.3	18.71	9.62	9.36
2	Communication skill courses upgrade my verbal and nonverbal communication skills	41.92	27.98	18.89	8.03	3.18
3	Specialisation/Departmental elective courses offered are appropriate.	56.22	23.04	8.21	7.06	5.47
4	Equipment / instrument / apparatus / hardware / software / chemicals / any other resources are available as per the requirement	44.4	29.04	9.89	9.8	6.88
5	Textbook/References books are helpful for this course	33.36	18.62	19.42	18.8	9.8
6	This course provides learning in terms of knowledge, concepts, skills, analytical abilities, etc.	40.6	32.57	16.5	9.62	0.71
7	This course has applicability to the real-life problems	59.49	20.56	9	5.65	5.3
8	Lab manual/Worksheets are helpful for this course	53.84	20.56	11.12	7.24	7.24

Student Response
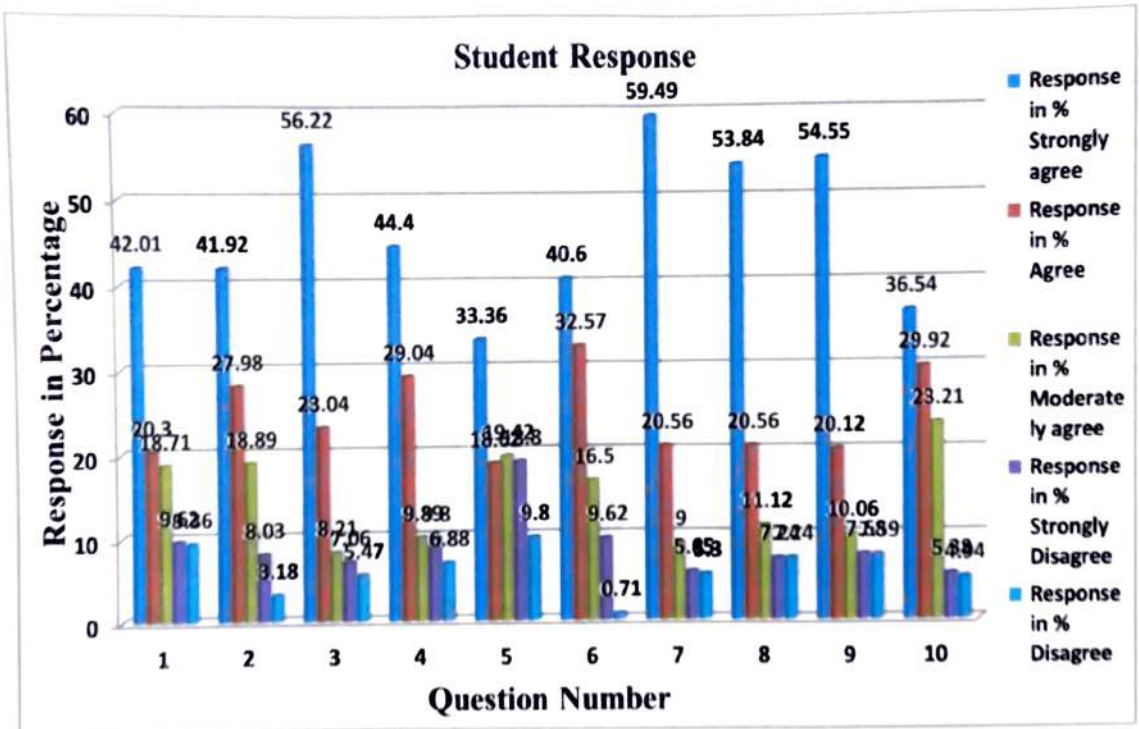

On an average **46.293%** students are strongly agree, **24.271%** are agree, **14.501%** are moderately agree, **8.888%** are disagree and **6.047%** are strongly disagree with the current syllabus of the various programmes designed by the BPUT, Odisha.

Teacher's Feedback

The institute EATM, is affiliated to the and follows the prescribed Biju Patnaik University of Technology (BPUT), Odisha, curriculum. Still online feedback on curriculum is taken by the respective subject teachers regarding suggestions on improvement of the syllabus. We have received **116** teachers feedback on the curriculum and analysed.

Question No	Evaluation parameter	Response in %				
		Strongly agree	Agree	Moderately agree	Strongly Disagree	Disagree
1	Syllabus is adequate to be covered in a single term	46.55	30.17	10.34	7.76	5.17
2	Total contact hours per week for course	41.38	35.34	13.79	6.03	3.45
3	All-important topics of the subject are covered	49.14	19.83	15.52	11.21	4.31
4	Understanding level required to study this course is as per level of the student	50	25	11.21	10.34	3.45
5	Recommended text books covers at least 70% of syllabus	56.03	18.97	9.48	8.62	6.9
6	Relevance practical course with nature of program	51.72	25	10.34	6.9	6.03
7	All-important experiments of the subject are covered	47.41	24.14	12.93	9.48	6.03
8	Experiments are appropriately planned in the IP	46.55	27.59	10.34	7.76	7.76
9	Syllabus is relevant for competence examinations like GATE, UGC/NET, GPAT, GMAT etc.	40.52	24.14	12.07	12.07	11.21
10	Quality of text books/reference books recommended in the syllabus	49.14	19.83	15.52	8.62	6.9

\multicolumn{3}{c}{Action Taken Report on Stakeholder's Feedback (2022-23)}		
STACK HOLDER	**ANALYSIS KEY POINTS**	**ACTION TAKEN**
Student	Students' feedback indicates to enhance their knowledge and skills through certification courses.	Students are provided with various certification courses and it is decided to provide more certification courses as per recent requirements to add value to their skills. This has to be implemented for every discipline.
Student	Acknowledged satisfaction with existing specialization and elective offerings.	Continued to maintain and periodically update the course offerings in line with industry trends and student needs.
Student	Acknowledged the usefulness of current course materials.	Ensured continued availability of recommended textbooks and explored options to provide additional resources for comprehensive learning.
Student	Student needs to understand the value of their education towards the development of society.	As our curriculum does not support human values, we have initiated a request to the university to add human values syllabus for the students which will enable them to understand the value of their education towards the development of the society.
Student	Acknowledged the practical relevance of the course content.	Emphasized real-world case studies, projects and industry collaborations to enhance the application of theoretical knowledge to real-life scenarios.
Faculty	Recognized faculty concern regarding course contact hours.	Conducted a comprehensive review of course requirements and adjusted the schedule to ensure an appropriate balance of contact hours, allowing for more effective teaching and learning experiences. One-hour extra contact hour is provided for each course in the time table.
Faculty	Acknowledged faculty satisfaction with the comprehensiveness of the course content.	Maintained the current curriculum structure while encouraging ongoing collaboration with faculty to identify and address any emerging topics or updates.
Faculty	Acknowledged the importance of recommended textbooks aligning with the syllabus.	Reviewed and updated the list of recommended textbooks to ensure they cover a minimum of 70% of the syllabus, providing comprehensive learning materials for students.
Faculty	Acknowledged the importance of aligning practical courses with the program's nature.	Reviewed practical courses to make sure such that they met industry demands and program objectives. Updated and amended the content of the practical courses as necessary. Students also participate in discussions and visits from industry professionals.
Faculty	Acknowledged the importance of well-planned experiments in the instructional plan (IP).	Conducted a review of experimental planning, ensuring alignment with learning objectives; provided additional resources and training to enhance experiment planning skills among faculty members.

Faculty	Acknowledged the importance of aligning the syllabus with relevant to competitive examinations.	The syllabus in accordance with the findings of a comprehensive evaluation to improve student preparation for exams such as the GATE, UGC/NET, GPAT, GMAT, and other pertinent exams are acknowledged.
Employer	Acknowledged the positive feedback on the curriculum's relevance for employment.	Continued to collaborate with industry partners to ensure ongoing alignment of the curriculum with current industry needs, trends and job requirements.
Employer	Acknowledged the importance of subject flexibility for student development.	Conducted a review of the curriculum and ensured that students have sufficient flexibility in choosing subjects, allowing them to tailor their education to better match industry demands and individual career goals.
Employer	Recognized positive feedback on the alignment of the syllabus with job requirements and industry values.	Continued to assess the syllabus and provides teaching on beyond syllabus topics for ensuring it remains job-oriented, skill-based, and value-oriented, reflecting the evolving needs of the job market.
Employer	Recognized positive feedback on the courses addressing societal and environmental concerns.	Emphasized the importance of sustainability and inclusivity in course content; continued to integrate topics addressing gender, environment, and sustainability issues in relevant courses.
Employer	Acknowledged the importance of infrastructure quality for student development.	Conducted a comprehensive review of campus infrastructure and supporting services, implementing necessary upgrades and improvements to ensure a conducive learning environment for students and meet industry expectations.
Alumni	Acknowledged the positive impact of the curriculum on alumni's career outcomes.	Continued to gather alumni feedback and utilized it to refine and update the curriculum, ensuring its continued effectiveness in preparing students for job opportunities and placements.
Alumni	Acknowledged the positive role of the curriculum in connecting academic learning with industry needs.	Fostered stronger collaboration with industries, integrating industry insights into the curriculum, and creating avenues for alumni involvement to enhance the alignment between academic content and real-world industry requirements.
Alumni	Acknowledged the importance of academic flexibility for student development.	Continued to support and advocate for academic flexibility, ensuring students have choices in subjects, promoting a well-rounded education that aligns with individual interests and career goals.
Alumni	Recognized the efficient problem resolution process.	Continued to prioritize a responsive and timely approach for addressing concerns, maintaining effective communication channels between alumni and the institution for swift issue resolution.

STACK HOLDER	ANALYSIS KEY POINTS	ACTION TAKEN
	Action Taken Report on Stakeholder's Feedback (2021-22)	
Student	Evaluated student feedback on communication skill courses, emphasizing the impact on both verbal and nonverbal communication skills.	Continued to enhance and update communication skill courses to ensure they effectively improve both verbal and nonverbal communication skills, aligning with student expectations and evolving communication needs. Communicative English classes are also incorporated with pre placement training classes.
Student	Assessed student feedback on the availability of equipment, instruments, apparatus, hardware, software, chemicals, and other resources, considering their adequacy for fulfilling academic requirements.	Ensured that necessary resources are available as per the requirements, addressing student concerns by updating, acquiring, or maintaining equipment, instruments, and other resources to support the educational needs of the students. Periodical maintenance is also adopted for the instruments available in the laboratory.
Student	Evaluated student feedback on the applicability of the course to real-life problems, considering the practical relevance and real-world application of the curriculum.	Continued to enhance the course's real-life applicability based on student input, integrating practical examples, case studies, and industry connections to ensure students can effectively apply their knowledge to real-world challenges.
Student	Examined student feedback on whether the curriculum supports human values, focusing on the incorporation of ethical principles, diversity, and social responsibility.	Reinforced the curriculum to further support human values, emphasizing ethical considerations, diversity, and social responsibility, based on student input to foster a learning environment that aligns with important human values. A suggestion letter is also posted to Director curriculum of the university regarding this.
Student	Faculty members are suggested that there should be a session on Energy Management and Audit	A Seminar has been organised on "Energy Management and Audit".
Faculty	Assessed faculty feedback on the adequacy of the syllabus to be covered within a single term, considering workload, depth of coverage, and overall feasibility.	Reviewed and adjusted the syllabus to ensure it is realistically achievable within a single term, addressing faculty concerns and optimizing the balance between depth of content and time constraints for effective teaching and learning.
Faculty	Evaluated faculty feedback on the total contact hours per week for the course, considering the balance between instructional time and workload.	Adjusted total contact hours per week based on faculty input, ensuring an optimal balance that allows for comprehensive coverage of course content while respecting workload considerations for both faculty and students. Extra classes / doubt clearing classes are introduced in this regard.
Faculty	Examined faculty feedback on	Aligned the course's understanding level with the students'

		the required understanding level for studying the course, considering alignment with the students' academic level and preparedness.	academic capabilities, adjusting content and instructional approaches based on faculty insights to ensure an appropriate and effective learning experience for the students.
	Faculty	Assessed faculty feedback on the relevance of practical courses in alignment with the nature of the program, considering the program's objectives and the practical skills required.	Aligned and enhanced practical courses to better suit the nature of the program, incorporating faculty recommendations to ensure practical components effectively complement the theoretical aspects and meet program objectives.
	Faculty	Evaluated faculty feedback on the appropriateness of experiments planned in the Instructional Program (IP), considering factors such as relevance, learning outcomes, and alignment with course objectives.	Adjusted experiment plans in the IP based on faculty input to ensure appropriateness, aligning experiments with learning objectives, and refining planning processes for effective practical learning experiences.
	Alumni	The compatibility of curriculum with National competitive examinations such as GATE, NET etc	Evaluated alumni feedback on the compatibility of the curriculum with national competitive examinations like GATE, NET, etc., focusing on how well the academic content prepares students for these examinations.
	Alumni	Curriculum helps in bridging the gap between industry and academic institution	Assessed alumni feedback on how the curriculum contributes to bridging the gap between the industry and academic institution, considering practical exposure, industry relevance, and skill development.
	Alumni	Sufficient resources are available in library with wide range of facilities	Evaluated alumni feedback on the availability of sufficient resources in the library, considering the variety of materials and facilities offered. New text and reference books are added to the library stock every year.
	Alumni	Quality of infrastructure facilities and supporting services available in campus	Examined alumni feedback on the quality of infrastructure facilities and supporting services available on campus, considering factors such as technology, amenities, and overall environment.
	Alumni	Opportunities for holistic development of students by participation in various sports, cultural and co-curricular activities	Assessed alumni feedback on the opportunities for holistic development through participation in sports, cultural, and co-curricular activities, focusing on the overall student experience.
	Employer	Effectiveness of curriculum for development of entrepreneurship	Examined employer feedback on the effectiveness of the curriculum for entrepreneurship development, focusing on its ability to nurture entrepreneurial skills and mindset among students.
	Employer	Curriculum is relevant for the solution of local problems	Assessed employer feedback on the curriculum's relevance for addressing local problems, considering the practical applicability and impact of the educational content on

		community challenges.
Employer	Current syllabus is job-oriented, skill-based and value-oriented	Evaluated employer feedback on the current syllabus, emphasizing its job-oriented nature, skill-based content, and alignment with values relevant to the industry. Study tours and industrial visits are arranged for students frequently.
Employer	Syllabus helps in bridging the gap between industry and academic institution	Assessed employer feedback on how the syllabus contributes to bridging the gap between the industry and academic institution, considering practical application and industry relevance.
Employer	Quality of infrastructure facilities and supporting services available in campus	Examined employer feedback on the quality of infrastructure facilities and supporting services available on campus, considering factors such as technology, amenities, and overall environment.

Subject: Proposal for the Introducing a Human Values Course for Students

Dear Sir/Madam,

I hope this letter finds you in good health and high spirits. I am writing to express my earnest concern and proposal regarding the holistic development of students at Biju Patnaik University of Technology (BPUT).

In the fast-paced world, where technological advancements are rapidly changing the landscape of education and industry, it is imperative that we do not lose sight of the fundamental principles that shape responsible and well-rounded individuals. As we navigate through the challenges of the 21st century, instilling human values becomes essential to produce graduates who not only excel in their respective fields but also contribute positively to society.

I propose the introduction of a comprehensive Human Values Course within the academic curriculum. This course would focus on imparting ethical values, interpersonal skills, emotional intelligence, and a sense of social responsibility. Such a course would equip our students with the necessary tools to navigate the complexities of life beyond academic and professional realms.

Integrating such a course into the curriculum aligns with the university's commitment to nurturing not only technically proficient professionals but also socially responsible and ethical individuals. The skills and values imparted in this course will undoubtedly contribute to the personal and professional success of our students.

I am confident that the introduction of a Human Values Course will be a positive step towards producing well-rounded graduates who can make meaningful contributions to society. I look forward to your favorable consideration of this proposal.

Thank you for your time and consideration.

Sincerely,

With Regards

Subject: Proposal for the Introducing a Human Values Course for Students

Ref.: Letter No EATM/BPUT/786/2021-22, Dated: 18/05/2022

Dear Sir/Madam,

I hope this letter finds you in good health and high spirits. I am writing to express my earnest concern and proposal regarding the holistic development of students at Biju Patnaik University of Technology (BPUT).

I would like to remind you regarding the reference mentioned above that we had proposed to introduce a course on Universal Human Values for the Engineering Graduates to cope up today's fast-paced world. It is imperative that we do not lose sight of the fundamental principles that shape responsible and well-rounded individuals. As we are navigating through the challenges of the 21st century, instilling human values becomes essential to produce graduates who are not only excel in their respective fields but also contribute positively to society.

This course would focus on imparting ethical values, interpersonal skills, emotional intelligence, and a sense of social responsibility. Subject: Expression of Appreciation for Your consideration for the introduction of a credited course on Universal Human Values for engineering Graduates

Dear Sir/Madam,

I hope this letter finds you in good health and high spirits. I am writing to express my heartfelt appreciation for the introduction of a credited course on Universal Human Values for the 1st year students of Engineering in the curriculum of Biju Patnaik University of Technology (BPUT). This initiative stands as a testament to your commitment to holistic education and the betterment of our university community.

The introduction of the Human Values Course reflects a profound understanding of the importance of nurturing not only academic excellence but also the moral and ethical development of students. By incorporating this course into the curriculum, BPUT has taken a significant step towards producing well-rounded individuals who are not only equipped with technical knowledge but also possess the essential values necessary for leading meaningful and fulfilling lives.

I would like to extend my gratitude to you for your leadership and your team for your tireless efforts in bringing this initiative to fruition. Your unwavering commitment to promoting human values and ethical principles sets an inspiring example for all of us associated with BPUT.
