### **GENDER EQUALITY DAY - 26<sup>TH</sup> AUGUST**

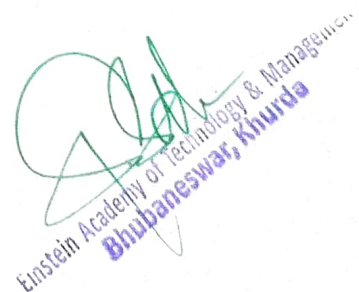

August 26, 1973, was declared “Gender Equality Day” by the U.S. Congress at the request of Representative Bella Abzug (D-NY). Gender disparities in children's lives and those of those who provide care for them impede the realization of every child's potential.

Regardless of where they reside in India, boys and girls witness gender inequality on a daily basis in their families, communities, and among the men and women who look after and support them. They also experience it in textbooks, movies, and the media. Inequality in gender leads to unequal chances in India; although it affects people of both sexes, girls are disproportionately affected.

At Einstein Academy of Technology And Management, Khordha, we celebrate the Gender Equality Day each year to Celebrate Uniqueness of both Men and Women. We believe each gender has its own potential to contribute towards society and help towards the evolution. But they need equal support to reach their full potential.

#### **Objectives**

Centered on working toward the primary objective of achieving genuine and long-lasting gender equality in all spheres of the lives of women and girls, which includes removing gender inequalities, ending violence against them, doing away with early and forced marriage, securing equal participation and leadership opportunities, and granting access to sexual and reproductive rights for all.

It helps shape students' personality by giving them the opportunity to actively contribute their time and skills to the advancement of their community and nation. Consequently, the NSS offers the perfect setting for young people and students all throughout the nation to engage in authentic social activities and grow into responsible Indian citizens.

#### **Motto of NSS: "NOT ME BUT YOU"**

The Slogan That exemplifies what it means to live a democratic life and highlights the value of selfless service, respect for the opinions of others, and compassion for other people. It highlights the fact that a person's well-being is ultimately reliant on the health of society at large. Therefore, it should be the NSS's mission to uphold this principle in all of its operations.

Every year on September 29, Einstein Academy of Technology and Management in Khordha observes NSS Day. Volunteers from the NSS student group participated in the event, as did the instructors and staff from every department. Developing the personality of students through community service is the goal of the NSS committee of EATM.
